- Livestock input and commentary on feedlot intakes.
- Physical review and coordination on all cattle either holding or backgrounding.
- Performance data reviews.
- Monitoring and provision of reports to management.
- Follow up of cattle arrival compliance issues.
- Invoicing as directed.

To be successful in this role you will ideally;

- Understand and comply with WHS requirements.
- Have experience in livestock transactions and movement.
- Ability to identify and procure livestock to company specification.
- Strong analytical skills in being able to analyse performance data.
- Understanding of animal welfare requirements
- Understanding and experience in a vertically integrated supply chain would be advantageous.

You will also bring a good attitude and willingness to learn that gives you the ability to work as part of a team as well as autonomously when needed. Also required are excellent organisational and communication skills, coupled with a willingness to integrate with, and add to, the current Rangers Valley business and culture.

An attractive remuneration package including a vehicle based on skill and qualifications is available to the successful applicant.
